LIFE SUPPORT FOR THE LOCAL CHURCH

MIKE & PAM EASTRIDGE

December 4, 2018

A Year of Blessings

"Thou crownest the year with goodness; and thy paths drop fatness." (Psalm 65:11)

I scarcely know where to begin as I sit down to write this final prayer letter of 2018. As I scroll through the calendar I am truly amazed at how God has worked through this year's "Furlough Focus." Our hearts have been refreshed as we reported to many of you, our supporters and friends, whom we had not seen for some time. We have also been privileged to add many new friendships and prayer partners as we shared our burden in new churches. Along the way, God blessed us to see a harvest of precious souls and offered us some unexpected days of recreation in our travels. With these things, the Lord has graciously answered the prayer for additional support. Truly the Lord has 'crowned the year with goodness.'

With only one scheduled meeting remaining for the year, we have paused to spend time with family and attend to the matters of home and health. Thank you so much for your prayers and financial support which make the work of CPR Ministry possible.

A Dozen Workshops

Our early October travels took us from Central Missouri to Waupun, Wisconsin for a Sunday School Leadership Workshop with Pastor Robert Love and the folks at Waupun Baptist Church. I was also privileged to preach in the Lord's Day services.

Our final workshop of the year was 1000 miles to the south at Emmanu-

el Baptist Church of Valley, AL. Our visit to the adult Sunday School department the following morning, truly made our day as we heard Adult Teacher, Terry Pitts employ a captivating object lesson which he had prepared after attending the workshop.

Please pray with us that God will continue to bless and use this aspect of our ministry.

CPR Life Support Projects

With a couple of months to spend near our home, we have offered our assistance to Pastor Jason McCarty and Ridgeview Baptist Church in Lafayette, GA in teaching the adult Sunday School, door knocking, and renovation projects. Using funds from our CPR Life Support Fund, we were able to convert an old restroom space into a nice shelved storage room. I was reminded of a few muscles which I had not called on recently and I developed a new appreciation for plumbers. Pray that God will bless and use our ministry to this church.

Our goal is to build a CPR Life Support Team which can assist us with both the physical and financial needs of projects such as this one. Please let us know if your church would like to host a CPR Sunday and become a part of our 2019 Life Support Team.

Praises & Prayers

Praise the Lord for the good reports after completing a list of doctor visits, dentist appointments, and an eye exam.

Pray for a church in Indiana which has recently contacted us for counsel and assistance.

Pray for God's direction as we continue planning and scheduling for 2019.

Merry Christmas

Pam and I would like to offer our sincere thanks for your prayers and gifts this year. We treasure your friendship and pray that God will grant you all the joy and blessings of this wonderful Christmas Season and guide you in the year ahead.
