LIFE SUPPORT FOR THE LOCAL CHURCH

MIKE & PAM EASTRIDGE

June 6, 2019

*I sometimes wish that I could load everyone in the car with us for a couple of months on the road. While it would be impossible and in some cases impolite to share every detail of our work, I have purposed to share a few details in this edition which I pray will deepen your insight into our ministry to those who minister.*

## Miles & Ministry

It was still chilly on April 2 as we packed up in Lindsborg, KS and headed east to New Franklin, MO to offer our help with some Spring maintenance projects. By the Lord's good hand, Pam and I were able to take on a number of items from the pastor's list and purchase the supplies to relight the church sign through our CPR Life Support Fund. On Friday evening, I was able to share one of my great passions in a Sunday School Dynamics Clinic and leave behind some of our resource materials for building adult classes.

The final stop of this trip was to fill in for a pastor so that he could care for his wife who was recovering from surgery. Here as we often do, we were able to teach Sunday School, direct the music, and even make the announcements.

We arrived home with just a few days for a quick turn-around before making our third trip to New Hope Baptist Church of Lexington, IN for Mother's Day services. It has been our privilege to advise and offer our assistance to this dear church through their recent pastoral search. We have since been contacted by two other churches needing pastors.

On May 3 we set out on a three week trek across several states. God gave great liberty and blessing in meetings in northern Ohio. In Magnolia, OH, I taught a second Sunday School Dynamics Clinic at Sandy Valley Baptist Temple.

In Columbus, Indiana, we were privileged to be with church planter, Jeff Jones, in the Spring Missions Emphasis at Heritage Baptist Church. With the growth of their congregation and a portion of their current space about to be rented to another tenant, the church is in

need of a new building.

Having "stood and served" for many weeks, we accepted an invitation to "sit and listen" for a few days at the Spring Bible Conference of Slippery Rock Baptist Church in Pennsylvania before heading home.

## Harbor Lights VBS - Ashland, WI

Just around the corner is the Harbor Lights VBS project that we have mentioned in our last two letters. Pam and I have been hard at work building materials and gathering supplies for our June 24-27 adventure with "Fire & Rescue Squad 316." Please pray that God will save both children and their parents though this program. There is still time to give if you would like to have a part in this project. Just give us a call.

## Openings & Opportunities

We have a considerable amount of time still open on our 2019 Calendar. We would especially like to schedule several more Sunday School Leadership Workshops and Missions Conferences for the Fall. We are currently needing some meetings in Michigan (Upper Peninsula), Wisconsin, Illinois, Indiana, and Ohio to augment our existing travel plan. We would love to hear from you.

## Prayer Requests

**Pray for** Heritage Baptist Church of Columbus, IN as they search for a new and permanent home.

**Pray for** the Heritage Baptist Church of our home town, Opelika, AL as they prepare to break ground on a permanent location. Pray that God will supply the money and man-power needed.

**Pray that God will save** both children and parents through the Harbor Lights VBS, June 24-27 in Ashland, WI. Pray also that God will supply the remaining funds needed for travel and supplies.

**Pray for a church in Wisconsin** which we are advising and assisting as they search for a new pastor.

**Pray for the salvation** of two teen boys with whom I recently shared the gospel. Pray that God will give us additional opportunities to speak to them before our next outing.
