

The Pulse

MIKE & PAM EASTRIDGE

February 4, 2020

Anniversary Edition 2010-2020

It seems like yesterday when Pam and I met with our friends at BMFP to share the burden which God had set before us for new and declining churches in America. While there were a number of men willing to go and step into eminent church closures, there were few with a burden to address the need before the crisis struck. For four years God had been at work in our lives to prepare us for the step of faith before us. I read Hebrews 11 until the pages in my Bible were worn thin. In the margin, I wrote the following simple outline.

Faith for direction (v. 8) - The final destination is not always clear.

Faith for deputation (v. 9) - The promise will follow God's faithful servant across the miles.

Faith to dream (v. 10-12) - You are never too old to dream if God is giving birth to something within your heart.

The memories of those early days are sweet and the journey has grown even sweeter. Our travels have taken us some 400K miles offering life support and critical care assistance to local churches across America. As we look forward to the next ten years, it is our prayer that our most blessed and effective days of ministry lie ahead. Thank you so very much for your prayers and support which have traveled with us these ten years.

Missionary Candidates Mike & Pam Eastridge along with BMFP Director Gene Burge and his wife Alice. BMFP Candidate Training 2010

Writing, Editing, Updating

One of our primary goals for 2020 is to upgrade our existing ministry resources and offer several new items. The lighter travel schedule of the past two months has offered an excellent opportunity to take the first steps. The Sunday School Leadership Manual has been updated and is now ready for the next printing. Along side of this we have made a few improvements to the two hour Sunday School Dynamics Course. Manuals, handouts, and other resources are stacked and ready for the next event which starts in just a few days.

I was also able to recover files and restore access to our website lost during a hard drive failure several months ago. The site is updated and running much better. I now understand why web designers take so long and charge so much money.

Our dreams and goals for the writing and resource ministries are many. Please pray that God will lead us to a good graphic artist who can produce high

quality copyrightable artwork for our materials. We are also needing someone with strong video editing skills. If you are blessed with skills in these areas, we would love to hear from you.

Praises & Prayers

In our last meeting - We were approached after the message by a gentleman praying about missions in the Middle East. Please pray that God will make His will clear to this dear brother and his wife.

We are still praying for qualified and competent candidates which we can offer to the churches which have asked for our assistance with pulpit search.

Pray for opportunities and open doors - Our 2020 calendar still has space for a number of projects, workshops, conferences, etc. Please pray that our 2020 calendar will be filled and fruitful.

Pray "laborers for the harvest" - It is the only prayer request left by our Lord and often the focus of our training workshops and conferences.
